

Laurel Bennett is CEO and Founder of PHR Solutions. She is an Entrepreneur and holds several patents as well as being a wife to a Vietnam Agent Orange Veteran and Mother to son Noah.

She has been a Project Manager and Sr. Systems Analyst for several hospitals as well as a nursing student at PBCC. As an active member in the healthcare field she is EMR and PHR certified and has spent the majority of her 20 years of experience in computers and information systems with the government and services at Fortune 500 companies such as Pratt & Whitney (Advanced Rockets), Motorola (North American Paging Division), Harris TSS and Sun Microsystems.

She holds her Bachelors of Computer Science from the College of Engineering at FAU, and has her MBA, with a concentration on Healthcare, from American InterContinental University.

She has held a Government Secret Clearance and has actively fought for the citizens in the Western Community. She was an active member of the Central Palm Beach Chamber's Economic Development and Government Affairs as well as a member of the Vero Beach Community Business Alliance.

Community service has a huge role in her life as she contributes time to disabled handicapped horse riders, provides PHRs to special needs people, is the treasurer for her local HOA, and is a member of the Western Business Alliance as well as various other organizational groups.
